### About Indian Festival ( Diwali)

**Diwali** is the five-day **Festival** of Lights, celebrated by millions of Hindus, Sikhs and Jains across the world. **Diwali**, which for some also coincides with harvest and new year celebrations, is a **festival** of new beginnings and the triumph of good over evil, and light over darkness.

# Learningn and Experince

*It was a good experience and had fun with the children. people. I came to know new things and different culture from my team members. I appreciate the effort of the government, its staffs, the cooperation of the international students as well as the community, in making sure children will be protected and develop into a responsible citizen in the future. . It is an eye opener to how they can stand together with CRC and even after how they can be a supporting bridge to the younger generations.*
