

ASIA UNIVERSITY

TEEP PROGRAM

Zakiyah Dania Billah

Hello!

My Name is Dania

I am from Indonesia. I am majoring in English Literature. Joining Asia University TEEP Program is a great opportunity for me. The program is not only about me teaching what I have got from the college, but it's about sharing and caring with each other despite of our differences. The people I met along the program are wonderfully beautiful soul. TEEP program also grows my empathy from all the volunteering activities.

THE ACTIVITIES

ENGLISH
CLASS

CHILDREN
FESTIVAL

WINTER
CAMP

Here are several activities I have the opportunity to join. There is an activity that we do regularly every week, and there are some activities that allow us to meet other TEEP's students from different universities. These activities will never bore you and it is really so much fun!!!

ENGLISH CLASS

LIUGU COMMUNITY WUFENG

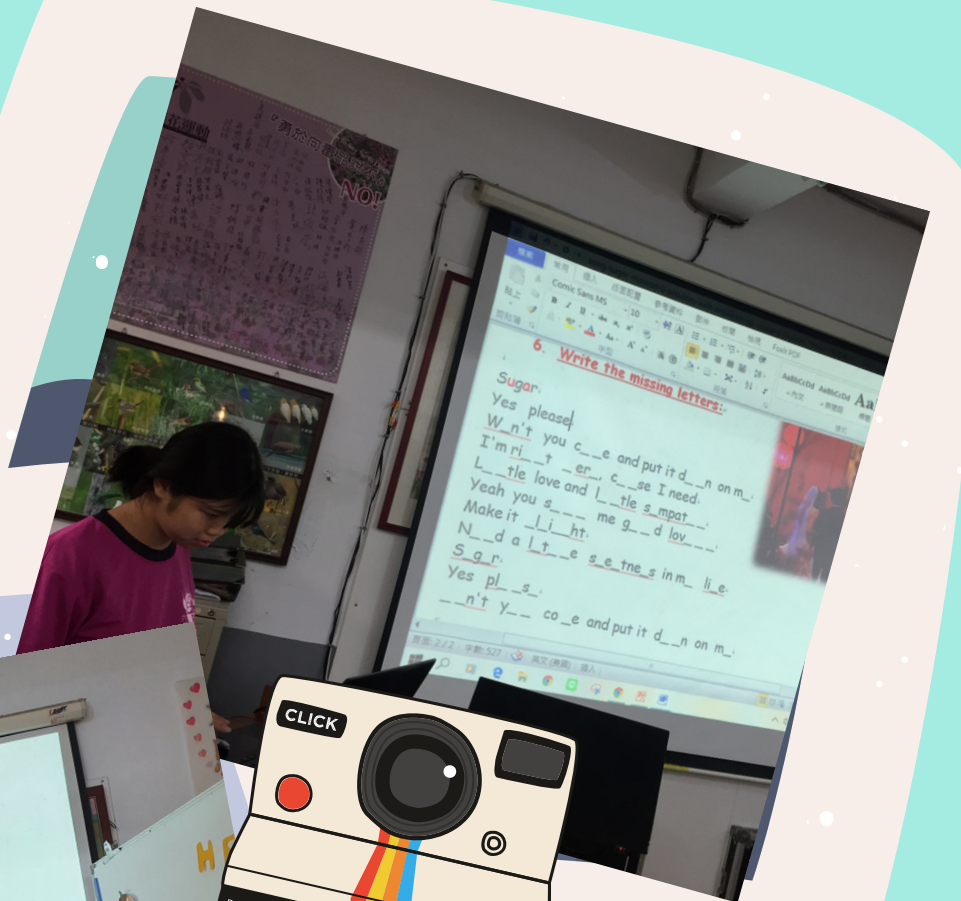

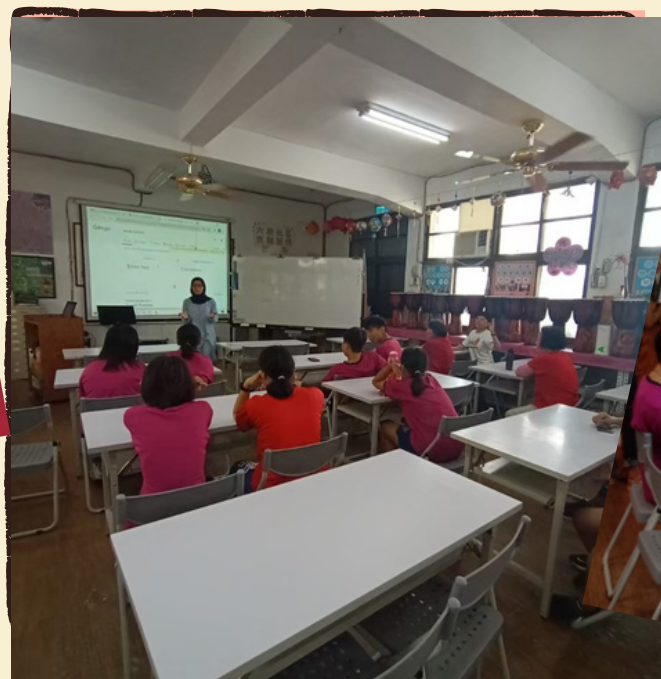

LIUGU COMMUNITY

Liugu community is a community located in Wufeng District, near Asia University. This community is open for children and elderly. My friends and I went there every Saturday. Our activities are not merely studying English, but we also have many activities such as Thanksgiving, halloween, Christmas, and many more. We had fun and learned a lot.

Saturday's English Class

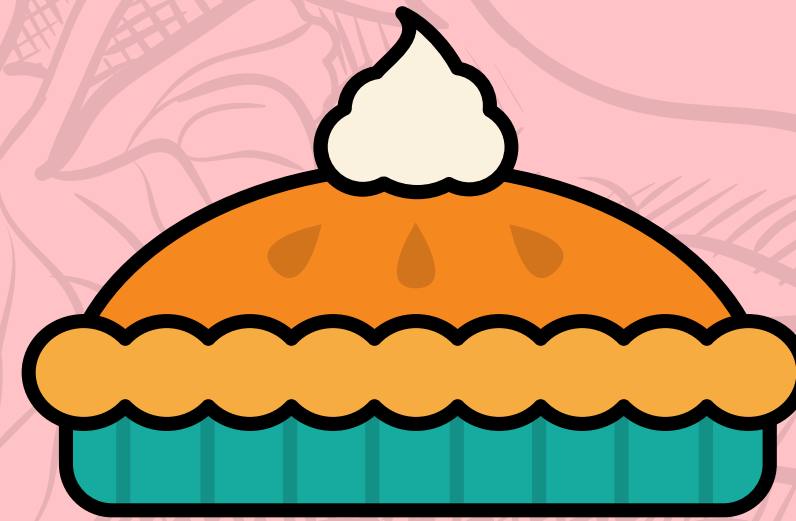

In Saturday's English class usually we will learn about simple words, the words that we can use in our daily lives such as vocabularies about traveling or sports. Usually, we will try to memorize the words by doing activities such as playing the gesture game, like one student describes the word by her body movement.
